SOLUTION OVERVIEW ▪ POTS REPLACEMENT

ADVANCE YOUR BUSINESS TOWARD DIGITAL TRANSFORMATION

Overcome the increasing costs and challenges of traditional analog services for Fire Life Safety (FLS) lines, HIPPA Compliant fax lines and more with the BCN POTS Replacement Solution.

BCN's fully managed and monitored solution, provides a digital alternative for these specialty line applications, transforming them into a more cost-effective, cloud-enabled solution that delivers superior reliability and performance. The solution meets or exceeds critical regulatory and compliance requirements including NFPA 72, UL 864, HIPPA, and PCI. BCN POTS Replacement can also provide traditional business line applications as an alternate to traditional copper-based POTS lines.

LIFE-SAFETY APPLICATIONS

Life Safety Applications Allow gates, alarms, and elevator phones to function if power or internet goes down.

FAXING

Send and accept orders, comply with HIPAA and other regulations .

DISASTER RECOVERY

Reliable, self-contained connections for a cost-effective failover alternative to copper lines.

POINT-OF-SALE SOLUTIONS

Keep your business moving and continue taking payments during an outage.

INTERNET BACK-UP

Enjoy 4G Internet failover for primary internet connection.

REDUCED COSTS

Avoid the rising cost of analog lines and realize immediate and year to year cost savings.

THE SOLUTION

- **Choose a device to support up to four or eight lines including critical Fire Life Safety (FLS) lines:**
  - Fire & Burglar Alarm
  - Elevator
  - Fax
  - POS Terminal
  - Vending & ATM Machine
  - E-911
  - Voice
- **Meet Critical Regulatory Compliance Requirements**
  - NFPA 72 (National Fire Protection Association) compliant
  - UL 864 (Underwriters Laboratories, Inc.) Compliant
  - HIPPA
  - Analog Fax with Fax to Email Complies with HIPPA End to End Encryption
  - E-Fax – Fax@Fax.Epik.io HIPPA Compliant
  - Point of Sale (POS) Systems – PCI Compliant
- **Redundant Internet connectivity, including LTE and broadband**
- **Integrated battery back-up providing hours of service uptime during power interruptions**
- **Automatic status notifications (emails sent if device goes off-line)**
