Ooma Connect

Ooma Connect gives you a reliable business phone and internet connection to keep your business humming and to protect it from outages.

Stay Up and Running

Internet outages are almost a thing of the past, which means your phone, POS, and other internet reliant tools keep working.

Instant Up

Scaling has never been easier. Pop up stores, kiosks, new check-out stands, and new brick-and-mortar stores can get phone and internet service instantly.

Continuous Voice

Get the ultimate business continuity solution with patented technology for automatic backup for voice calls.

Simple Deployments

There's no need for specialized IT experience to deploy Ooma Connect. Installation is as easy as connecting your devices and activating the service. You'll be up in no-time.

Faster & More Reliable Internet

The days of relying on DSL or simply unreliable internet connections are gone. You'll be catapulted to LTE speeds, making every transaction faster.

Ooma Connect

Make your business unstoppable.

Features

- High-speed LTE Advanced connection, delivering up to 600 Mbps broadband internet access
- Gigabit ethernet routing, with option to use LTE as primary internet or backup WAN connection
- Telephony support for IP Phones and DECT wireless handsets
- "Continuous Voice", using concurrent redundancy paths for enhanced voice quality and reliability
- Simple DIY setup, with flexible options to mount the indoor/outdoor LTE antenna module
- Instant availability, with no activation or provisioning delays
- Expandable to provide enterprise grade managed Wi-Fi 24x7 US based support

Ooma Connect Specs

WAN Interface	1 x RJ45 Gigabit Ethernet Interface 1 x IX Gigabit Ethernet Interface (For LTE)
LAN Interface	1 x RJ45 Gigabit Ethernet Interface
Other Interfaces	1 x RJ11 Analog FXS Port Built-in DECT radio supporting up to 4 Ooma Linx analog devices
Router Throughput	1000 Mbps
Recommend Users	Up to 150
LTE Modem	Category 12+ LTE-Advanced radio supporting HPUE, Carrier Aggregation, 256 QAM, and up to 2x8 MIMO.
Supported Bands	B2/4/5/12/25/26/41/66/71
Cellular Antenna	8 antenna elements built into the Connect 460 adapter

LTE Throughput	Up to 750 Mbps downlink rate and 226 Mbps uplink rate
Power Input	Base Station: 56V 1.2A Antenna: 48V 0.5A (Passive PoE)
Power Consumption	Base Station: Typical 5W, designed for 20W Antenna: Typical 15W
Operating Temperature	Base Station: 0 to 40 degrees Celsius Antenna: -40 to 55 degrees Celsius
Dimensions	Base Station: 220mm x 157mm x 44mm Antenna: 281mm x 281mm x 40mm
Weight	Base Station: 0.6kg Antenna: <1.5 kg
Waranty	1-Year Limited Warranty
Other Specifications	USB 3.0 Port / Dect 6.0 Radio

Ooma Connect Service Plans

	Internet Backup	Unlimited	Unlimited Pro
Service Cost Per Month	**$29.99**	**$99.99**	**$199.99**
Hardware Cost Per Month	**$15 or $0 with 3-yr contract**	**$15 or $0 with 3-yr contract**	**$15 or $0 with 3-yr contract**
Suggested Use Case	Internet Backup	Backup or Primary Internet	Primary Internet
Data Allowance	10GB	Unlimited	Unlimited
Overage Costs	$9.99 per GB	$0	$0
Speed	Up to 75 Mbps	Up to 15 Mbps	Up to 75 Mbps
		Actual speeds may vary and may be reduced if usage exceeds 50GB per month. Streaming video speeds defaulted to 500kbps.	Actual speeds may vary and may be reduced if usage exceeds 125GB per month. Streaming video speed defaulted to 2Mbps.
