BCN POTS REPLACEMENT

Advance your business toward digital transformation

Our POTS replacement solution connects fire alarms, emergency systems, fax machines, elevators and more to help your business meet regulatory and compliance requirements, and advance your business towards digital transformation.

BCN's fully managed and monitored solution phases out analog POTS systems and transforms them into a more cost-effective, cloud-enabled solution that delivers superior reliability and performance.

LIFE-SAFETY APPLICATIONS

ALLOW GATES, ALARMS, AND ELEVATOR PHONES TO FUNCTION IF POWER OR INTERNET GOES DOWN.

FAXING

SEND AND ACCEPT ORDERS, COMPLY WITH HIPAA AND OTHER REGULATIONS.

DISASTER RECOVERY

RELIABLE, SELF-CONTAINED CONNECTIONS FOR A COST-EFFECTIVE FAILOVER ALTERNATIVE TO COPPER LINES.

POINT-OF-SALE SOLUTIONS

KEEP YOUR BUSINESS MOVING AND CONTINUE TAKING PAYMENTS DURING AN OUTAGE.

INTERNET BACK-UP

ENJOY 4G INTERNET FAILOVER FOR PRIMARY INTERNET CONNECTION.

REDUCED COSTS

AVOID THE RISING COST OF ANALOG LINES AND REALIZE IMMEDIATE AND YEAR TO YEAR COST SAVINGS.
