RCN BUSINESS

MANAGED SECURITY

Advanced Firewall

A business network must be protected against potential cyber and Internet security threats. However, managing and monitoring network security can be a costly and somewhat overwhelming task for most enterprise IT organizations.

RCN Business Managed Security—Advanced Firewall is a fully managed cloud-based service designed to help businesses manage and monitor their information security with more control of content and applications users can access.

MANAGED SECURITY—ADVANCED FIREWALL PROVIDES:

Standard Firewall

- Includes Stateful Firewall, DDoS and Application Visibility

User-ID Based Control

- Create user-based policy controls
- Integrates with Active Directory through LDAP and Kerberos
- Applies security, application traffic control, access and other policies to manage traffic
- Create and execute controls such as company guidance, access and authorization policies
- Enables multi-dimensional policy-based decisions such as routing policies, application policies, URL and IP reputation, and user and group information

URL Filtering and Reputation

- Manage traffic to URL or IP destinations based on systematically collected opinions
- Ensures that user traffic does not visit questionable or out of compliance sites
- Feeds are regularly updated to reflect changes in the ever-evolving Internet environment
- Suppresses transfer of viruses and malware that may be planted in user machines or within content
- Includes redirection and captive portal

Application Control

- Identifies and manages application traffic flows using a rich set of application traffic policies
- Recognizes traffic flows of 2600+ applications and maps them to major and sub-classes helping manage flows
- Includes traffic engineering such as traffic steering, rate-limiting, application QoS, blocking, and more

Not available in all areas. Optional service available with RCN Hosted Voice subscription. ©2017 RCN. All rights reserved. Reprinted from www.pcmag.com with permission. ©2017 Ziff Davis, LLC. All Rights Reserved.
