BUSINESS HOSTED VOICE

An Innovative Cloud-Based Solution. Redefined.

Hosted Voice *is a fully managed cloud-based phone system with the intuitive features a business needs to run a faster, more productive operation. With no PBX equipment to purchase and maintain, unlimited nationwide calling, predictable monthly costs and easily customized call and administration tools, a business has more time to focus on their success.*

Over 30 productivity enhancing tools
A dedicated local Account Representative will help identify the features that best meet the needs of a business, and configure a solution based on its specific requirements.

Easy-to-use online management portal
Complete with administration and user interfaces, phone line configurator and business group usage reporting.

Wholly Owned, Locally Managed Fiber-Rich Network
Calls travel over RCN's secure, reliable and diverse network - experience fast response times and a continuous connection for superior uptime.

24/7 Local Support
RCN Business Account and Support teams are available to answer any questions and ensure a business is maximizing all the features available to them.

BUSINESS HOSTED VOICE

Focus more on business, and less on a phone issues.

- Fully hosted & managed alternative to expensive onsite hardware-based PBX or Key Systems
- Efficient end-to-end solution with all feature functionality deployed in the network rather than on premise
- Unlimited nationwide calling with predictable recurring monthly expense
- Seamless connection between multi-site locations, remote and mobile employees

RCN Business topped PC Mag's Business Choice Awards for 2016
Ranked highest for overall satisfaction. Best overall Internet service. Highest ranking on value. And most likely to recommend.
